

DANCE 4 AZADI

Azadi means freedom

This choreography was released by a group of girls in Ekbatan, a district of Tehran, Iran. **Dancing in public is a crime in Iran**, as is wearing clothing of your choice, showing hair for women* and many other basic things. The #ekbatangirls were arrested after the release of their dance video and forced to make a public apology.

What can we do?

- **Share it, talk about it**, online & offline.
- **Join the rallies** and actions: All dates & info on Instagram: @iraniansofberlin
- **Text your representatives** and ask them to support the people of Iran

The islamistic regime imprisons, tortures and kills courageous freedom fighters in Iran, even kids. Hundreds have been killed, tens of thousands have been arrested. These people deserve freedom. With the feminist #Iranrevolution they are making history right now.

Let's be their voice!
